

Concrete Hopper

Concrete Hopper - The self-dumping hopper attachment can automatically start to both dump and release as the bumper release touches the side of a dumpster. As soon as unloading is finished, the hopper can return to original locked and upright position. This piece of machinery also comes with a cable that enables operation from the seat of the lift truck so as to have the alternative of manually unloading the hopper. There is a locking chain provided in order to secure the hopper to the fork truck. This product is made with consistent and reliable robotic welds for maximum strength. The forklift dumping hopper also has a blue powder coat finish in order to maintain durability.
